

## **POLICY ON SUPPLEMENTAL TRYOUTS**

Revised 10/18/2024

Member clubs desiring to conduct supplemental tryouts after youth players are typically carded at the beginning of a seasonal year must observe the following procedures:

- Announcements of the tryouts, whether in printed advertisements, email communications or other written or oral form (which communications must not violate applicable recruiting rules) should advise potential attendees that if they are currently registered to a NCYSA team or NCYSA academy program, they must bring to the tryouts a NCYSA Guest Player Roster that includes the signed consent of the coach of their team (or the approved club designee) or NCYSA academy program and that has been stamped by the registrar of their home club.
- The club should obtain and retain the NCYSA Guest Player Roster from each attendee. If an attendee does not have a signed and stamped NCYSA Guest Player Roster, the club must exercise diligent efforts to determine whether that attendee is a registered player with an NCYSA team or academy program. If the attendee is a registered player and does not have the NCYSA Guest Player Roster, he or she may not be allowed to participate in the tryouts.

A failure to follow the above procedures, including the exercise of diligence as described above, shall be deemed to create a presumption of a violation of NCYSA's recruiting rules.
